## WHAT WE DO

We're here to help you stay compliant, manage transactions with ease, and make smart financial decisions at every stage of the business life cycle.

Hauser Jones & Sas is here to help you maximize your profitability and efficiency. We can manage all three areas of auditing and reporting for you:

**Audit:** an intensive examination with the highest level of assurance

**Review:** some analytical procedures conducted with limited assurance

**Compilation:** based upon client information provided and used primarily for internal analysis

We know the rules. More than that—we have a deep understanding of the rules, which allows us to reduce our client's accounting fears, so they can do what they do best—run their business.
